

Recovery Community

Our center is **community-driven**, which means that our members take on the role of shaping our offerings and activities to support specific needs & meet unique goals. We also believe that recovery is defined by each individual. We consistently strive to create an all-inclusive space that reflects the diversity of the recovery community.

Our peers are certified Recovery Coaches who offer **strength-based** support to members navigating their recovery journey. Support may look like:

- Help with identifying a recovery pathway
- Referrals to treatment
- Building recovery capital
- Getting connected to community resources & more.

**Peer-Driven.
Inclusive.
Person-Centered.**

Our Mission is to provide multiple pathways to recovery and restore hope through empowering, inclusive peer support.

Our Vision is a peer-driven community working together to provide recovery support for all who seek it.

Rise Up Recovery Community Center is an inclusive recovery community providing free support to individuals in recovery from or struggling with harmful substance use.

Our goal as a community is to foster growth and healing through person-centered peer support. These relationships allow for developing confidence, friendships, and purpose at any stage of recovery from addiction. Our programs include a variety of educational and recreational opportunities for people 18 and older.

Program Offerings

Social Events

About Us

The Recovery Center is run by a dedicated team of staff and volunteers who have lived experience of addiction and recovery. We offer peer support, which can complement any treatment or clinical service you have received or are currently engaged in.

All of our staff and volunteers are passionate about recovery, community & inspiring hope in our members. We prioritize the importance of ethics; diversity, equity, & inclusion; multiple recovery pathways; & compassion in our work with members.

Funding for programming is made possible by the Substance Abuse and Mental Health Services Administration (SAMHSA) State Opioid Response Grants Catalogue of Federal Domestic Assistance (CFDA) No. 93.788.
