challenges, I
provide an
inclusive,
empathetic space
for you to explore
your identity
without
judgment.

Melissa Charfadi,
LPC, NCC, CCTP

Welcome to Radiant Transformations Counseling Services!

Are you in search of a warm and inclusive space to explore and heal? I specialize in LGBTQIA+ issues, QTPOC experiences, and various mental health challenges, including Borderline Personality Disorder, Anxiety, and Racial Issues. My goal is to create a compassionate environment where you can feel at ease, understood, and free from judgment.

I'm excited to welcome new clients and offer consultations to discuss your unique journey. I am dedicated to serving gender-diverse people and work with those aged 15 and older. Additionally, as a full WPATH member, I also provide Gender Affirming Care evaluations for letters of support.

I offer both in-person and virtual sessions. Reach out today, and let's start your journey toward healing and self-discovery together!
